**Organized by Department of Civil Engineering**  
**Jawaharlal Darda Institute of Engineering & Technology**

#### **ABOUT THE INSTITUTE**

Jawaharlal Darda Institute of Engineering & Technology was established in 1996 with the motto of providing qualitative technical education in the highly potential Vidarbha region of Maharashtra. Under able and dynamic leadership of Shri Vijay Darda, Chairman, Lokmat Media Pvt. Ltd, & M.P.Rajya Sabha (1998-2016), the institute is marching towards fulfillment of the dreams of our beloved 'Babuji', Late Shri Jawaharlal Darda. The institute has a spacious building of 2.95 lakhs square feet spread over 17.3 acres of green plateau surrounded by tiny hillocks, trees, valleys & lake on the way to Amravati from Yavatmal. JDIET is an unaided engineering institute and affiliated to the Sant Gadge Baba Amravati University, Amravati and follows the course curriculum as prescribed by it. The institute is recognised by All India Council For Technical Education, New Delhi & is governed by the rules and regulations of AICTE and Directorate of Technical Education, Government of Maharashtra. All eligible courses were accredited by National Board of Accreditation (NBA) and the Maharashtra Government has recognized the institute as 'A' grade. JDIET is Accredited by NAAC and IRIF, USA & Awarded 'A' Grade. (AICTE Approval No.740-89-298 (E)/RC/95, Reg.No.F-2386)

#### **ABOUT THE DEPARTMENT**

Civil Engineering Department is one of the youngest departments of JDIET established on 2nd July 2014 with an admission intake of 60 UG students. In the duration of last four years department developed the requirements necessary to provide Civil Engineering Education. Teaching and non teaching staff in the department is dedicated for completing the curricular requirements of the syllabus set by SGB Amravati University. Department also works for the overall development by conducting Expert lectures, Field Visit, Extracurricular activities.

#### **VISION OF THE DEPARTMENT**

To set recognition at regional and national level for excellence in Civil Engineering education, by means of disseminating knowledge to students through quality teaching learning process, best research practices and industry interaction.

#### **MISSION OF THE DEPARTMENT**

To adopt compatible quality teaching, learning methodology for the advantage of students and encourage faculty and students, for participating in various research activities and publications.

#### **ABOUT THE STTP**

Education technology is now ubiquitous; however the potential of these technologies is lost without appropriate pedagogical strategies. This short term training program (STTP), titled "Pedagogical practices with NEP implementation for curricular development", majorly aimed at encouraging the professors and Research scholars in understanding the importance of classroom teaching enriched with recent NEP development in the engineering domain. In this training program, participants will learn effective strategies for teaching. The training programme will give participants several opportunities to apply these strategies to design materials and activities for their courses.

## COURSE CONTENT
